Tetrahedron Alert was launched as the first phase of the *Tetrahedron Information System (TIS)* in 1996. It is a pre-publication service which provides the contents lists and graphical abstracts of current and forthcoming issues for all five of the Tetrahedron journals:

- *Tetrahedron*
- *Tetrahedron Letters*
- *Tetrahedron: Asymmetry*
- *Bioorganic & Medicinal Chemistry*
- *Bioorganic & Medicinal Chemistry Letters*

Subscription options to *Tetrahedron Alert*:

- Single-user subscription: **US$135.00/ NLG266.00** it provides a single-user license, i.e. access to the system for one user at any given time and allows access for one year.
- Subscribers to the Complete Tetrahedron Family Package will have a 5 concurrent user license to *Tetrahedron Alert* made available to them as part of their regular subscription to this package of printed journals.

Updated weekly *Tetrahedron Alert* allows you access to the accepted contents and graphical abstracts of these journals 4-6 weeks before the issue arrives in the library and at any given time contains approximately 3-4 months worth of current issues and accepted papers.
